

# The Toho Titanium Value Creation Process

The Toho Titanium Group is creating new value needed for future lifestyles and industry through the synergistic effect created by titanium-related technologies that have been refined based on proprietary technologies and sustainable technologies that contribute to reducing environmental impact.

In 2021, we specified as materiality the perspective of working together with all stakeholders to resolve social issues. While solidifying our management foundation by strengthening our human resources capabilities and corporate governance, we will take on the challenge of evolving ESG management as we continue to grow toward the realization of a prosperous society.

## Management Philosophy

The Toho Titanium Group pursues the infinite possibility of titanium and related technologies, and contributes to building a sustainable society by continuously supplying excellent products and services.
